

KAM Specialties

A Full Service Center for Raw Material, Processing, Hardware & Parts

Quality Driven – ISO 9001:2015, AS9100D, & AS9120B Registered / Pratt & Whitney LCS approved

In addition to the stocked alloys below, KAM can source a wide variety of less commonly used raw material.

<u>High Temperature & Corrosion Resistant Alloys</u>			
625 / 625SQ (625 LCF)	Haynes 188	L-605 (Haynes 25)	
718 (Inconel 718)	Haynes 214	Stellite 6B	
A-286	Haynes 230	Waspaloy	
Hastelloy X (Hast X or HX)	Haynes 242	X-750	
<u>Titanium</u>			
6-4 (6Al-4V or Grade 5)	Commercially Pure:		
6-2-4-2 (6Al-2Sn-4Zr-2Mo)	CP-1 Grade 4, CP-2 Grade 3, CP-3 Grade 2, CP-4 Grade 1		
<u>Stainless Steel</u>			
301 (¼, ½, ¾, & Full Hard)	304 / 304L	347	AM-355
	316 / 316L	17-4PH (630)	Greek Ascoloy (418)
	321		
<u>Aluminum</u>			
	2024-T351	7075-T0	
	6061-T6, T651		
<u>Hardware & Components</u>			
Screws	Bearings	Nuts (incl. self locking)	
Bolts	Spacers	Washers (incl. self locking)	
O-Rings	Thermocouplers	Fittings	
Gaskets	Connectors	Plugs	

Stocking Warehouse:

Sheet, Plate, Bar (Round & Flat), Rings

Processing Capabilities:

Water Jet Cutting, Precision Laser Cutting, Shearing, Saw Cutting, Heat Treating, Grinding, Double Disk Grinding, Trepanning, Turning, Boring, and High Speed Drilling (through approved sources)

Testing Capabilities:

Chemistry, Physical Properties, Ultrasonic Inspection (UT), Fluorescent Penetrant Inspection (FPI) (through approved sources)

200 Park Central Blvd. South, Unit 6, Pompano Beach, FL 33064
